

Early Ancestors

4th September to 20th October 2023

Literacy

We will be focusing our lessons around the book *The Firework-Maker's Daughter*. We will write for a range of purposes, including character descriptions and diary entries.

Maths

Our first focus will be to deepen our understanding of the place value of larger numbers. We will also revise calculation strategies.

Science

In Science we will be working on learning about controlling electrical circuits.

Computing and E-safety

In computing, Class 4 will be learning about how computer systems and networks work including the internet, using technical vocabulary.

Religious Education

Our first Concept day will be 'Conflicting or Complimentary' in the context of creation and science.

History

Our History learning this half term will focus on where and when some of the earliest civilisations appeared around the world. We will also study some of their achievements.

Physical Education

PE for Class 4 this half term will be on Mondays and Wednesdays. Aspire Coaching will work with the class on Mondays. On Wednesdays Year 5 will go swimming and Year 6 will work towards designing their own fitness circuit in groups.

RHE – Relationships and Health Education

We will be considering what makes up a person's identity, focusing on personal attributes and qualities, similarities and differences, individuality and stereotypes.

French

We will be learning how to tell the time in French, recapping the numbers to 80, months of the year and how to ask questions and give responses.

DT

Our focus objective is to learn how to support structures through the building of bridges.

Music

Music this half term will be taught by a music specialist from Hampshire Music Service. The focus will be on duration, dynamics and tempo taught through 'In The Hall Of The Mountain King'.
