

Mountain Explorers Wrens Cluster Sheet

17th April to 26th May 2023

What are we going to be learning?

The hook for a lot of our learning this half term is 'Mountain Explorers'. In our literacy we will be reading 'First to the Top' by David Hill where the children will learn about Sir Edmund Hillary. We will also read 'Up the Mountain' by Marianne Dubuc and the children will write some things down that Leo teaches rabbit about the mountain. In Maths we will learn about the purpose of counting, to find out how many objects there are and noticing the word patterns in number names. We will also continue to subitise and link this to cardinality. Our science learning will be about plants developing observation skills and building vocabulary. We will continue to monitor the weather to understand the seasons. During PE with Active8 on a Tuesday the children will focus on moving with an object - dribbling and bouncing a ball. Thursday's PE will be May Dancing (hopefully outside!). Our concept for RE will be 'Precious' in the context of 'How does precious water effect the lives of Hindus and Christians?' In Geography we will begin to become familiar with the world map recognising land or water and locating the U.K on a map. In DT, children will be making a simple moving part for a familiar nursery rhyme. This will be of a mountaineer climbing a mountain. In computing, children will be practising mouse and track pad skills when using 'My World' programmes and continue learning about staying safe when using apps and games on devices. In music the children will use 'The Lark Ascending' by Vaughan Williams to continue to develop their understanding of pitch, dynamics and tempo.

What will the hook be?

Whole class walk up Butser Hill on Tuesday 2nd May and talk by mountaineer Rebecca Stephens MBE on Tuesday 16th May.

How will we celebrate learning outcomes?

May Dancing to parents and school on the field on Wednesday 26th May at 2.15pm

Key Vocabulary:

Geography: hill, mountain, season, weather, continent, Europe
Science: seed, bulb, leaves, deciduous, evergreen

How can learning be extended at home? (Your child will also bring home homework tasks, their current mental maths card and please see the reading record.) Please support your child with continuing their routines from the start of the year such as arriving at school on time as well as remembering their book bag, water bottle and coat every day. They will need to come to school on a Tuesday and Thursday in PE kit plus school shoes as they need to leave their trainers in school to be used every day. They will need to have **plimsolls** in their school PE bag at school. Please make sure long hair is always tied back. Continue with reading routines at home developing fluidity always recording in their diary. Homework will be sent out on a Friday for Wrens to complete by the following Thursday. Please continue to work with your child on their mental maths card.

Events, trips, visits, visitors to support this cluster of learning and any other notable dates:

Week beg 17/4	Week beg 24/4	Week beg 1/5	Week beg 8/5	Week beg 15/5	Week beg 24/5
